

# 22 Member Districts

- Asheboro City Schools
- Cabarrus County Schools
- Chapel Hill-Carrboro City Schools
- Charlotte-Mecklenburg Schools
- Cumberland County Schools
- *Durham Public Schools (Pending)*
- Edgecombe County Schools
- Elizabeth City-Pasquotank Public Schools
- Guilford County Schools
- Hertford County Schools
- Lexington City Schools
- Montgomery County Schools
- Mount Airy City Schools
- *Orange County Schools (Pending)*
- Rockingham County Schools
- Rowan-Salisbury Schools
- Sampson County Schools
- Thomasville City Schools
- Vance County Schools
- Wake County Public School System
- Warren County Schools
- Winston-Salem/Forsyth County Schools

Our members are a cross section of public school districts serving 42% of the traditional public school students in NC. They vary in size, geographic location and demographics.

On the What we do page scroll down and where it currently says” A Diverse Portfolio of Programs Replace that with something like

Project Spotlights

Rene – delete the following program photos/descriptions:

Learning Recovery

Jeanes Fellows

Reimagining the Educator Workforce

Dual Generation Career Pathways

THEN add the ones I've listed on following slides and update language on the remaining ones that are also on following slides  
Please put them in the order I've listed them!

# Accelerate Carolinas: Expanding High Impact Tutoring

A \$6M grant from the Leon Levine Foundation is supporting a tutoring initiative that brings together The Innovation Project, Accelerate and 10 school districts across North and South Carolina to bring high-impact, tech enabled tutoring to more students, strengthen state policy, support district-level implementation, and foster coalition building and knowledge sharing across the region.

# Advanced Teaching Roles & Opportunity Culture

Leave description language the same and use same photo – Just delete Teacher Apprenticeship in title and change title to what is above

# Modern Classrooms Project

- TIP is partnering with Modern Classrooms Project to advance innovative, student centered, math instruction in select member districts. Districts partner with Modern Classroom Project to create flexible classrooms where students use teacher created videos, work one-on-one and in small groups with teachers, and also work independently and at their own pace to master concepts and accelerate learning. Learn more at [Modern Classrooms Project](#)

## **TIP R-TAP Network**

The TIP **Registered Teacher Apprenticeship** Network provides districts access to approved apprenticeship pathways, high-quality partners, free tools, and a statewide learning community. Network members work together to problem-solve challenges, improve retention and grow their own teacher talent.

# Zero Based Budgeting

TIP Districts are working with our partners at K-12 Coalition **to** apply the practice of zero-based budgeting. Rather than just adjusting previous budgets for the following year, this discipline helps individual schools, departments and the district overall build budgets from scratch that align resources with the most important strategic goals and eliminate unnecessary spending.

# Reimagining Teacher Talent

Update language to this: Leave photo the same

With the support of an \$11 million grant from the USDOE, TIP worked with 79 schools across 8 rural districts to elevate the most effective teachers, leverage their knowledge to increase the capacity of other teachers, and to implement recruitment and retention strategies to ensure a robust pipeline of high-capacity teachers and principals. A partnership with NCCU provided support for educators to earn their MSA and then serve as principals in their home districts.

# Pioneering New Learning Environments

(This is a title change for the North Carolina Education Specifications. )

Also in description remove “the state’s largest” and replace with “TIP member districts”

Photo can stay the same
